## **Native American Telecom – Pine Ridge, LLC**

### ***A Tribally-Owned Telecommunications Company***

---

#### **Native American Telecom – Pine Ridge, LLC (NAT-PR)**

- Established in 2010 in furtherance of the *Pine Ridge Reservation Telecommunications Plan To Further Business, Economic, Social and Educational Development*.
- Majority owned by the Oglala Sioux Tribe of the Pine Ridge reservation.
- A full service telephony and broadband service provider.

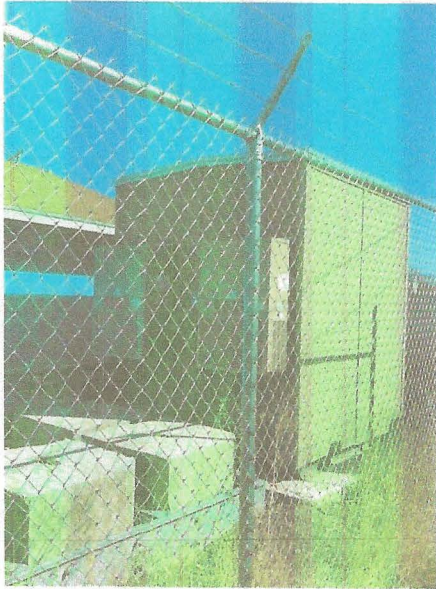

#### **NAT-PR Is A Full Service Telephony and Broadband Service Provider**

- Consistent with its tribal sovereignty, the Oglala Sioux Tribe established NAT-PR to bridge the telephony and broadband divide on the Pine Ridge reservation by providing *affordable* service to all residents.
- NAT-PR is fulfilling the vision of the Oglala Sioux Tribe by providing telephony and broadband service on the Pine Ridge reservation and by establishing an Internet Library and Computer Training Facility where tribal members can go to obtain free telecommunications and Internet services to further their business, social, and educational development.
- NAT-PR has been established, and is operating, consistent with federal laws, which will enable the company to take advantage of government programs and benefits, like Tribal 8a, ETC status, and federal grants.

#### **NAT-PR Is Providing Service To The Tribe and Tribal Members**

- NAT-PR has constructed an advanced wireless broadband network on the Pine Ridge reservation and is currently providing telephony and broadband service to several tribal government locations and tribal members.
- NAT-PR plans to establish a Wi-Fi hotspot covering the village of Pine Ridge, providing access to high speed broadband services for residents and visitors to Pine Ridge..
- NAT-PR's Internet Library and Technology Center will now be open beginning on April 2, 2013.
- NAT-PR has partnered with the following businesses to bring jobs, economic development, and educational benefits to the Tribe and its members:
  - Free Conferencing Corporation, one of the leading technology companies in the United States;
  - WideVoice Communications, a well-established telecommunications provider in the United States; and
  - Native American Telecom Enterprise, a company with a long track record of assisting the Oglala Sioux Tribe and other tribes on telecommunications and business development.
